Arcserve® Unified Data Protection

Compare Arcserve UDP Editions

Compare Arcserve UDP Editions and see which is right for protecting your environment. These editions are licensed per CPU Socket (per-Socket prices are offered for both virtual & physical servers), per-Server OS Instance (per Server OS Instance prices are offered for physical servers only. Purchase per-Socket for hypervisors to protect virtual machines running on that hypervisor) or alternately per protected terabyte of data. The Arcserve UDP Workstation Edition is licensed per-protected Workstation.

	Standard	Advanced	Premium	Premium Plus	Workstation
